

The Rialto Collection

Custom Made Wooden Venetian Blinds

OVERVIEW

The ShutterCraft custom made wooden Venetian blind program provides you with peace of mind by going through the same stringent quality control as our shutter ranges. The collection draws upon the strengths of the Basswood range and utilizes many innovative designs and high-end components to exude style, craftsmanship and look stunning in any setting. The blinds are offered in a multitude of colors which match the shutters and enable hassle free designing for any home décor.

KEY BENEFITS

- Custom made not customized
- Perfectly co-ordinated with ShutterCraft's interior shutter collection
- Basswood slats for optimum resistance to warping and light in weight
- Finished with multiple processes of sanding and coating and finely coated with high-quality stain or paint
- Our manufacturing process utilizes the Custom kiln dry and prescription conditioning™ process to ensure blinds are of top quality when installed in different regions
- Innovative design allowing tighter slat closure
- A choice of 50 mm or 64 mm slat widths
- Routless privacy and radius cornered slat options.
- Quarter sawn for optimum grain definition
- A choice of 51 standard paint or stain options and unlimited custom colour finishes
- Cloth tape and ladder cord options with 12 colour choices in each
- 18 decorative tapes and co-ordinated valance option
- Four attractive head-rail colours including contemporary brushed steel and copper
- Multiple blinds per headrail
- Colour co-ordinated box bracket and swivel bracket options to match head rails.
- Unique range of valance designs and depths, including decorative tape insert option
- Flush fit bottom rail for good looks, friction free stability and easy cord adjustment
